The property

Perched on the hills of Es Cubells, in southwest Ibiza, Villa Anastasia overlooks the sea with Formentera on the horizon. The 10,000 m
coastlines.

The property consists of a 500 m
house and a studio. In total, nine bedrooms and eight bathrooms accommodate up to 18 people. The layout allows several couples or a large extended family to share the space comfortably.

The pool, sea views and landscaped terraces shape the outdoor living. The entire property was redecorated in 2025 by Ralph Lauren, giving each room a refined yet understated character.

Life at Villa Anastasia happens outdoors: breakfast facing Formentera, a day by the pool, sunset drinks on the terrace. A house where luxury comes from space, the view and the feeling of being truly at home, away from the noise.

We would choose this villa for a group of friends or a large family seeking calm and views without sacrificing proximity to the beaches and restaurants of southern Ibiza. Its strength: accommodating 18 people in a setting as vast as it is discreet....
