

The property

This exceptional chalet masterfully blends traditional alpine architecture with bold contemporary design. Crafted mainly from wood, it exudes a warm and authentic mountain charm enhanced by modern touches. At its heart lies a stunning indoor patio revealing a lush tropical garden, a rare and captivating feature that brings natural light and serenity to the living spaces.

The chalet accommodates up to 14 guests in seven beautifully designed en-suite bedrooms, each offering refined comfort and elegance. The vast open-plan living area, complete with a fireplace and stylish décor, is perfect for gathering after a day on the slopes.

The wellness facilities rival those of a five-star resort: a spa area, gym, hammam, and even a natural rock climbing wall for adventurous guests. A private chef prepares daily breakfast, afternoon tea, and tailor-made dinners, while the dedicated team, including a butler, chalet manager, and housekeeping staff, ensures flawless service and attention to every detail.

With a private shuttle at your disposal throughout the week, Chalet Alaska offers a truly exclusive Val d'Isère experience, where modern luxury meets alpine soul.
