The property

Ideally located in the prestigious Jardin Alpin area of Courchevel 1850, Chalet Altitude enjoys an exceptional setting just 20 meters from the slopes. With direct access to the famous Bellecôte ski run, it offers ski enthusiasts the perfect opportunity to make the most of the world-renowned ski area, while enjoying the tranquility of a preserved natural environment. From the chalet, unobstructed views of La Saulire and the snow-covered forest create a backdrop that is as majestic as it is peaceful.

Fully renovated in 2023, this exceptional 600 m
levels connected by a private elevator and seamlessly blends traditional alpine architecture with modern design. The use of high-end materials such as light wood, natural stone, and bespoke glass elements creates a warm, luminous ambiance—perfect for an extraordinary winter getaway.

The main living room, located on the top floor, is a true haven of conviviality. It opens onto a spacious south-facing terrace, ideal for soaking up the mountain sun and admiring the breathtaking panoramas. The central stone fireplace adds a touch of authenticity and invites guests to enjoy cozy evenings after a day on the slopes.
