

Chalet Les Ailes

Val d'Isère, French Alps

The property

Chalet Les Ailes combines refined contemporary design with natural alpine materials, accommodating 12 to 14 guests in seven beautifully appointed bedrooms. The expansive living area features double-height ceilings, a sleek fireplace, and panoramic windows framing the snowy peaks, while the terrace invites guests to soak in the crisp mountain air.

The wellness area on the ground floor includes an innovative indoor/outdoor swimming pool with adjustable depth, a Hammam, massage room, Peloton bike, and outdoor hot tubs — one on the terrace and another adjoining the master suite.

Guests can unwind in the cosy TV lounge with bar and games area, or admire the pool through its viewing window. A lift connects all five floors, and a ski room with boot warmers plus garage parking for three cars ensures total convenience.

Blending sophistication, comfort, and extraordinary design, Chalet Les Ailes delivers an unforgettable Val d'Isère experience.
