The property

Facing the iconic Saulire peak, it boasts exceptional panoramic views and direct access to the world-renowned 3 Vallées ski area. Recently renovated, this four-bedroom chalet combines the warmth of traditional materials with the refinement of a more streamlined design. Light wood and meticulous finishes bring brightness and softness to every room, while preserving the welcoming spirit of a true mountain retreat.

The spacious living room, centred around a stone fireplace, is the perfect place to relax after a day on the slopes. The adjoining dining area and fully equipped kitchen provide the ideal setting for sharing convivial meals in a chic yet relaxed atmosphere.
The master suite stands out with its high-end features: a private fireplace, spa bathtub and steam shower. The three other bedrooms, each with its own bathroom or shower, comfortably accommodate up to eight guests in absolute comfort.

For moments of relaxation, the chalet features a wellness area with sauna, bar and games room, perfect for both adults and children. Every detail has been carefully considered to offer an experience that is both authentic, elegant and unforgettable in the heart of Courchevel 1850.
