

Villa Luna

Saint-Tropez, French Riviera

10 Travelers • 5 bedrooms • 5 bathrooms

The property

It is situated in a residential neighborhood typical of the area, providing seamless connectivity between the village, the beaches, and local roads.

The property features five bedrooms and five bathrooms, providing a functional layout suitable for up to ten guests. The interior layout prioritizes a balanced distribution of sleeping quarters and living spaces, facilitating movement and ensuring privacy for each occupant. The spaces are designed for seasonal residential use, with common areas intended for daily living and entertaining.

The exteriors are organized around the villa's main features, in harmony with its layout on the site. The open spaces allow for a seamless transition between interior and exterior, in a design adapted to the Mediterranean climate. The layout of the garden and relaxation areas complements the property's main functions without disrupting circulation.

Villa Luna is suited for family or shared occupancy, with a layout designed to balance the independence of private spaces with the collective use of living areas, within a framework shaped by the customs specific to Saint-Tropez.
