

Villa Serena

Saint-Tropez, French Riviera

10 Travelers • 5 bedrooms • 4 bathrooms

The property

Set in a gated and secure residential park, it offers a privileged environment, close to the beaches of Les Salins while remaining easily accessible to the heart of the village.

Built in 2018, this superb contemporary villa of 220 m² is built on a plot of 1,300 m². It charms with its elegant architecture, clean lines and refined decoration enhanced by carefully selected works of art. Designed for comfort and relaxation, it features a landscaped garden, a large sunny terrace, a heated swimming pool and a fitness room with sauna.

Spread over two floors, the property can accommodate up to ten people. The spaces are open and bright thanks to large floor-to-ceiling sliding glass doors opening directly onto the terraces, swimming pool and garden.

Upstairs, a spacious living room, a fully equipped open-plan kitchen and a master suite with en-suite bathroom create a convivial and modern living space. The lower level has four bedrooms with direct access to the garden and three bathrooms, offering comfort and privacy to every occupant.
