The property

Villa Susy sits in the Salins district, a 5-minute drive from Place des Lices and 14 minutes from Pampelonne. The 2.2-hectare Mediterranean garden surrounds the house, creating real breathing space between central Saint-Tropez and the beaches.

The villa covers 270 m
own bathroom, three of them with independent access. A layout that lets several families or a group of friends share the house while keeping real privacy.

The pool sets the rhythm of outdoor life. Around it, the terraces and the park offer several quiet spots to settle in. The pétanque court adds a Provençal touch and suits long, friendly afternoons. The sea view follows you outside.

Days here move between the pool, a game of pétanque and lunch in the shade of the trees. Central Saint-Tropez is close enough to reach for dinner, and coming back means stepping into the calm of the garden.

We would choose Villa Susy for a family or friends who want Saint-Tropez and its beaches without giving up a real garden, with space for everyone and the freedom of independent bedrooms....
