The property

Designed with well-being in mind, it features high-end amenities such as a heated swimming pool, a sauna and generous living spaces, perfect for getting together and enjoying every moment to the fullest. The property has a total living area of approximately 220 m².

One of the property's major assets is its exceptional sea view. The villa enjoys a unique panorama of the Mediterranean Sea and the Gulf of Saint-Tropez, offering breathtaking scenery from morning until sunset.

Set on a sloping plot, the house is harmoniously laid out over two levels. The upper level features a bright living room and a large bedroom with en-suite bathroom. The lower level comprises four additional bedrooms: two have their own en-suite bathrooms, while the other two share a bathroom. The villa can therefore comfortably accommodate up to 10 people.

Located in the heart of a private, gated and secure residential park in Gassin, the villa enjoys a privileged location at the entrance to Saint-Tropez. The village centre is a 10-minute drive away, while Bouillabaisse beach is only 5 minutes away, making this property an ideal holiday rental on the French Riviera.
